

Mack Trucks=

Are purchased and repurchased by truck operators who have used other kinds of trucks. They have found the sturdy Mack, with its long life, superior design, and stalwart construction cheaper to operate.

Your profits lie between the cost of operation and the amount you get for the sale of your services, or the value of the truck to you. The selling price of your services is determined by competition, so your profits can only be increased by decreasing your operating cost.

We stand ready to prove that the Mack truck costs less. May we have the opportunity? Phone us now for the proof.

The Restaurants of

Brevoort Hotel

Invite Your Patronage

The primary purpose of Brevoort Hotel is to provide the best possible accommodation for the traveling public. It is essential that the restaurant service shall be of the very highest order and that the prices shall be moderate. The net result is better food, better served in a better environment, than might reasonably be sought at the same moderate cost under other conditions. Permanent residents of Chicago as well as visitors are invited to take advantage of this at breakfast, luncheon, dinner and late supper time.
